

# si-26-8 EU

factsheet

# Injector 8port PoE

Product name **Injector 8 port 60 W**

Short name **si-26-8-EU**

EAN code 4260258610277

Manuf. part no. si-26-8-60W-EU

Description 8 port PoE injector with a 48 Volt 60 Watt power supply. Power cord with CEE 7/7 plug  
This injector is ideal to power up to 8 iPads.

Power over Ethernet delivers power 100m (~328 feet) from the PoE Injector, eliminating the expense and hassle of installing AC power near your powered device. With this PoE injector, you can add power to your data cable for a fraction of the cost of upgrading to a PoE capable network switch.

Technical Data

Power supply	
Input	100 - 240 V AC , CEE 7/7 plug, cable length ~150 cm
Output	48 V DC, 1.25 Amp max, DC cable length ~140cm
Injector	
Input	48 V DC, 1.25 Amp max, 2.1mm DC socket
Output	48 V DC, 1.25 Amp, 8 ports PoE and 8 ports LAN
PoE Method	passive
PoE Mode	Mode B (+4,5 -7,8)
Operating Humidity	5% to 90%
Operating Temperature	-10 - 60C

Approval UL, CE, FCC

Dimensions Power supply: 125 x 52 x 35 mm  
Injector: 176 x 36 x 20 mm

Customs tariff no. 85044090  
Country of origin China
